

## Global Music Report 2017: Pricing for full Data and Analysis Report (134 pages)

PDF and Excel Spreadsheets published 25<sup>th</sup> April 2017. Hard copies available 8<sup>th</sup> May 2017.

All **Premium** and **Recorded Music Industry\*** Packages include:

- PDF of **Global Music Report 2017: Data and Analysis Report**, including analysis and detailed five-year data for over 50 markets.
- **Executive summary** including main charts [**NEW** in 2017]
- **Powerpoint presentation** outlining key messages of report, including main trends per sector and regional trends [**NEW** in 2017]
- **Online access** to country data contained in full report, including ability to make online comparisons between different time period and countries [**NEW** in 2017 – not included in Recorded Music Industry Package]

The **Excel** spreadsheet add-on includes:

- **Excel spreadsheet of data** featured in the report (country pages and selected appendix tables) in an editable format for clients to perform own analysis on the featured data. Spreadsheet also contains the revenue data for each country featured in the report in a single sheet for easier analysis across different markets.

\* **Recorded Music Industry**: a company whose primary activity is the creation / production / publishing of music recordings.

*All prices are in GBP. UK VAT @ 20% will be added where applicable.*
