All **Premium** and **Recorded Music Industry\*** packages include a **PDF of Global Music Report: Full Data and Analysis report**, including analysis and detailed five-year data for over 50 markets.

In addition, the **Premium** package includes:

- **Detailed forty-slide Powerpoint deck** outlining key messages of report, including main trends per sector and regional trends

The **Excel** spreadsheet add-on includes:

- **Excel spreadsheet of data** featured in the report (by country, region, globally, and by formats) in an editable format for clients to perform own analysis on the featured data. Spreadsheet also contains the revenue data for each country featured in the report in a single sheet for easier analysis across different markets ([sample spreadsheet of single country data](#)).
